Syue Ren Guei Fool The Heaven To Cross The Sea

唐太宗貞觀十七年，太宗親自出征，領軍三十萬東征。一天，來到大海邊，看到汪洋一片，便問一旁的官員過海的計策，大家這時只能互相對看。

這時忽然聽到一位居住海上的豪民求見太宗，並說三十萬過海的軍糧及方法已經準備好了。太宗便率領百官隨這位豪民來到海邊，這時只看到萬戶都用彩帳遮著，好不嚴密。

這位豪民領著太宗進到屋內，屋內四周都是繡幔彩錦，太宗就和百官在這裏飲酒作樂。

On year 17 of Tang Tai Zong Jhen-guan 's reign, the emperor personally led his army in a military campaign out east to conquer and expand his domain. One day, the army arrived at a seashore. Looking at the vast waters beyond, he asked his generals for any ideas on how to cross the sea. They looked at each other for any suggestions but had none.

Suddenly, a civilian who lived by the sea requested to see the emperor. He informed the emperor that all the food for the three hundred thousand troops and the means to transport such a vast army across the sea have been prepared. The man led Emperor Tang Tai Zong and his officials to the sea. There, by the shore, they saw thousands of households tightly packed together and covered with colored tents.

This man led Tang Tai Zong into a luxurious house. Around the walls there were embroidered curtains and colored silks. There Tang Tai Zong and his officials drank , relaxed, and had fun.

不久，風聲四起，波響像雷一樣，杯盤跌落滿地，人也跟著搖晃，這時太宗立刻叫近臣揭開彩帳，一掀開，大家都呆住了，哪裡是在豪民家作客，已經和三十萬大軍在海上了！原來，將軍薛仁貴怕皇上不敢過海而退兵，所以就假扮豪民策劃了這個「瞞天過海」的計策。

Soon afterwards, the wind started to howl, and the sound of the waves felt like thunder. Glasses and plates fell all over the place, and no one could stand still. Startled, Tang Tai Zong ordered his chamberlains to draw back the curtains immediately, and they were stunned by what they saw. They were not partying at a civilian's house like they thought. Instead, they were already at sea together with a giant armada of boats carrying the three hundred thousands soldiers. Later the emperor found out that his general Syue Ren Guei had thought up this deception. He was afraid that the emperor did not have the guts to cross the sea and would have withdrawn the troops and cancelled the military campaign. So he disguised himself as a civilian and devised such a scheme to "Fool the heaven (the emperor) to cross the sea".

三十六計之第一計：瞞天過海

Strategy 1 : Fool the Emperor to Cross the Sea

皇帝向來稱為「天子」，所以「天」指的就是皇帝，「瞞天過海」原意是瞞著皇帝，讓他平安渡海。

在兵法上是使用偽裝的手段，利用機會，趁對方不注意的時候，出其不意的行動，讓人措手不及。

In ancient china, the emperor was considered "The Son of Heaven". And heaven is often used in literature to refer to the emperor. Therefore, the saying "fool the heaven to cross the sea" means to fool the emperor to cross the sea.

In military parlance, "fool the heaven to cross the sea" means using disguise to create opportunities and striking suddenly when the enemy is unaware.

圍魏救趙

Besiege Wei To Rescue Zhao

公元前354年，魏惠王派龐涓前去攻打趙國，於是龐涓就帶領五百戰車直奔趙國，並圍住都城邯鄲，雙方交戰一年多，最後趙王只好向齊國求救，於是齊威王就派田忌為將，並用孫臏為軍師領兵出發。

孫臏和龐涓原本是同門師兄，兩人都精通用兵之法，但是龐涓自覺能力不及孫臏，就用毒計把孫臏的雙腳弄斷，並在他臉上刺字，讓他不能行走又羞於見人。於是孫臏就裝瘋，幸好得到齊國使者幫助，順利逃到齊國。

田忌想直接攻打邯鄲，孫臏制止說：「

In 354 BC, the king of Wei appointed Pang Juan to invade Zhao. Pang Juan led an army of five hundred chariots and headed directly to Zhao to besiege its capital Handan (city in Hebei). The siege of Zhao lasted more than one year without success. Then the king of Zhao appealed to Qi for help. The king of Qi agreed and appointed Tian Ji as the general and Sun Bin as the military advisor to head the Qi army to rescue the besieged Handan (city in Hebei).

Previously, Sun Bin and Pang Juan had both been disciples studying military strategy under the same master. Both of them became experts, but Sun Bin was more talented than Pang Juan, and Pang Juan was jealous of Sun Bin as a result. Through a vicious plot Pang Juan had Sun Bin's legs broken and his face tattooed so that Sun Bin could never walk again nor appear in public out of shame. Afterwards, Sun Bin pretended to have gone mad and fled to Qi with the help of a diplomat of Qi.

Tasked with the mission to save Handan (city in Hebei), Tian Ji wanted to attack Handan (city in Hebei) immediately. But Sun Bin advised against this. He told Tian Ji, "The elite army of Wei is camped outside Handan (city in Hebei) right now. If we attack them directly, we would be attacking into their strength. However, there is only a minimal force defending Wei right now. So if we attack Wei instead, we would be exploiting this weakness, and the army of Wei would be forced to return to defend their capital. This would lift the siege of Zhao automatically, achieving our first goal. In addition, we can ambush the returning army of Wei halfway and they would suffer losses." Tian Ji followed Sun Bin's advice, and everything happened as Sun Bin said it would. Once the army of Qi appeared outside Wei, the army of Wei immediately left Handan (city in Hebei) for home. On their way back, the army of Wei was ambushed by the Qi army at Guei Ling and was defeated. Pang Juan was forced to retreat to Dai Liang. The siege of Zhao was thus lifted. This is the famous history of "Besiege Wei to rescue Zhao."

二桃殺三士

Killing Three Warriors With Two Peaches

春秋時齊景公有三位勇猛無比的手下，分別叫做公孫接、田開疆和古冶子。

有一天，宰相晏嬰從他們面前經過，照禮儀他們要起來行禮，他們卻坐著一動也不動，晏嬰當場沒說話，接著便馬上報告齊景公這件「事」，並且勸說：「這三個人仗著自己立下不少大功勞，現在已經目中無人，今天只是對我無禮，難保改天不會對大王無禮，我建議儘快將這三人除去，以免後患無窮。」

景公向來十分敬重晏嬰的話，當場點頭表示同意，不過馬上露出面有難色說：「可是，怎樣去除呢？沒有人打得過他們；派人暗

During the Spring and Autumn Period, there were three fearless warriors in Ci by the name of Gong Sun Jie, Tian Kai Jiang and Gu Jih Zih.

One day, the prime minister Yan Ying walked past the three generals. Court protocol demands that they rise and bow to Yan Ying as a matter of courtesy. However, the three of them just sat there without acknowledging Yan Ying's presence. Yan Ying said nothing on the spot. But afterwards, he told the king of Ci about this incident and advised him, "These three generals have become arrogant because they have accomplished much on the battlefield. Today they only showed disrespect towards me.

But who knows whether or not they will show disrespect towards your Majesty in the future. I suggest that they be removed as soon as possible so as to avoid any future troubles." The king of Ci, Jing Gong, had a high respect for Yan Ying and always followed his advice. So he agreed with him, but he added, "But

結果三人先是爭得不可開交，公孫接先說：「我的功勞最大，我空手制服野豬及活捉老虎。」便拿走一個桃子，田開疆說：「我曾用長矛擊退一整隊敵人。」也拿走一個桃；古冶子氣得滿臉通紅說：「難道我的功勞就比你們小嗎？」便抽出劍做決鬥狀，沒想到其他兩個人竟然把桃子放回桌子，說：

how? No one is strong enough to beat them. Nor is anybody capable of assassinating them.” Yan Ying replied, “I have already figured out how to deal with them.” He then told Jing Gong his plan to kill three warriors with two peaches. Two peaches were to be awarded to the two who deserved it the most. The three of them argued fiercely in the beginning. Gong Sun Jie said first, “I caught a wild pig and a tiger alive with my bare hands. So I deserve the most.” Then he took one peach. Then Tian Kai Jiang said, “I defeated a whole squad of soldiers with my spear.” Then took the other peach, too. Gu Jih Zih turned red with anger, “Am I less worthy than you two?” He pulled his sword and challenged the other two to a duel. To everybody’s surprise, the other two put the peaches back onto the table and said, “Honor is more important than fighting over the rewards. We should be ashamed of ourselves.” That said, Gong Sun Jie and Tian Kai Jiang slit their own throats with their swords and died. Having watched this, Gu Jih Zih, too, killed himself the same way. Thus Yan Ying was able to remove three

三通鼓曹劌勝齊

Cao Suei Defeated Ci by Waiting until the Third Drumming

春秋時，齊王用鮑叔牙當大將領兵攻打魯國，魯莊王知道後十分害怕，大臣施伯便推薦用隱士曹劌來應戰，好不容易說服曹劌，但是他只願做參謀。

鮑叔牙因為以前打敗過魯軍，便十分輕敵，想一舉進攻活捉魯莊公，一時之間便戰鼓齊鳴，殺喊聲震天，士兵像排山倒海般衝過來。這時，曹劌制止莊公擊鼓進攻，只說：「等一等，現在敵人的氣勢正強，我們只要嚴加陣守，不要輕舉妄動。」

齊軍衝過來後卻攻不進魯軍，被擋在軍陣外，這時鮑叔牙又再下令擊鼓進攻，還是攻不進去，他想到魯軍一定是吃過敗仗，害怕

In the Spring and Autumn Period, the king of Ci appointed Bao Shu Ya as the general of his army to invade the country of Lu. The king of Lu was very frightened when he heard this. His minister Shih Bo recommended a hermit by the name of Cao Suei to lead the defense of Lu. It took a lot of effort to persuade Cao Suei to accept the post. But even then, he was only willing to work as a military adviser and not the general.

Bao Shu Ya did not take his enemy seriously because he had defeated the army of Lu before. And this time, he wanted to capture the king of Lu alive by attacking Lu directly. On the day of battle, the sound of

曹劌聽到齊軍第三次擊鼓，便對莊公說：「現在是擊鼓出兵的時候了。」魯軍一聽鼓聲便以迅雷不及掩耳的速度衝出，齊軍被打得七零八落，莊公想乘勝追擊，曹劌又制止，等看到地上的車輪及馬蹄印，再到車頂上看齊軍逃跑的方向，才說可以追。

事後，魯莊公問：「為什麼齊軍三通鼓後才出擊？為什麼不馬上追齊兵？」曹劌說：「等敵人三通鼓後，敵人的士氣已不如剛開始那樣旺盛，這時我們才擊第一次鼓，我們的士氣自然高漲，再出其不意的進

drums and battle cries from the side of the Ci army was deafening, and the Ci army quickly charged the Lu army. At this time, Cao Sui dissuaded King Lu Jhuang from giving the signal to beat the drums telling the Lu soldiers to engage the Lu army. Cao Sui said, "Just wait a while. Right now the morale of the enemy is very high. We only need to defend ourselves at the moment. We need not act carelessly."

The advancing Ci army tried in vain to breach the defensive line of the Lu army. Frustrated, Bao Shu Ya ordered another charge without success. However, the failure of the Lu army to engage the charging Ci army both times let Bao Shu Ya to believe that the Lu army must be too scared to engage the Ci army in battle. He thought a third attack would surely break through and then the Lu army would collapse completely. So he ordered a third charge.

But this time, when Cao Sui heard the third drumming of the Ci army, he said to the king of Lu, "Now is the time to beat our drums and fight back!" The Lu army attacked as soon as they heard their own battle drums, and the Ci army's lines soon collapsed under the charge. Subsequently, when the king of Lu wanted

to pursue the fleeing enemy, once again Cao Sui advised the king to wait until he checked the prints of the horses and the chariots and observed the directions where the Ci army had fled. Then he gave the green light for the Lu army to pursue. Afterwards, the king asked Cao Sui, "Why wait until their third attack? And why not pursue the retreating Ci army right away?" Cao Sui replied, "After the third drumming, the morale of the enemy was not as high as in the first drumming. Instead, the morale of our soldiers was just at its peak because we were beating our drums for the first time. Also, we took the enemy by surprise because after what had happened after their first two charges, they expected us to just stand our ground instead of charge back at them, and this element of surprise is what guaranteed us a victory. Afterwards, since the risk of being deceived by the enemy always exists, we must check the wheel prints of the horses and the chariots in order to make sure that the enemy had indeed fled in panic before we could safely pursue the enemy."

三十六計之第四計：以逸待勞

Strategy 4: Wait for the Exhausted Enemy at Your Ease

當雙方開戰時，想一定要消耗對方的實力，並不一定一定要硬碰硬的對打，可以先按兵不動，等到對方疲憊時，就可以讓我們和對方實力相當。

When the battle begins, it is not necessary to fight a more powerful opponent immediately. Sometimes you could weaken your opponent by your inaction or by avoiding him in direct battle. Wait and conserve your strength while your opponent tires and becomes exhausted. This will allow you to equalize your relative strengths when you finally engage him in battle.

句踐復國

Gou Jian Restored His Country

春秋時期，吳越兩國打仗多年，一開始是越王句踐被吳王夫差打敗，而越王句踐只好對吳王夫差俯首稱臣，於是句踐決定每天要臥薪嘗膽來提醒自己亡國的教訓，經過二十年的暗中培養軍隊的實力後，終於完成備戰的工作，而此時的吳國由於奸臣當道，吳王夫差竟然殺死了一代忠臣伍子胥，加上碰到乾旱的天災，造成國內作物枯死，河川乾涸。

In the Spring and Autumn Period, the countries of Wu and Yue were at war with each other for years. In the beginning, it was Gou Jian, the king of Yue, who was defeated by Fu Chai, the king of Wu. So Gou Jian had to bow to Fu Chai and offer himself as Fu Chai's loyal vassal. But Gou Jian was not defeated in spirit. Everyday, Gou Jian tasted the gall bladder to remind himself of the bitter taste of defeat and to reaffirm his desire for revenge. Secretly, he was recruiting and rearming his military again. After 20 years, Gou Jian was finally ready for war again. By this time, Wu was governed by corrupt officials, and its king Fu Chai had grown arrogant and inept. Fu Chai even executed Wu Zih Syu, one of his most loyal officials, because he had suggested that Gou Jian be executed in case Gou Jian seeks to revolt in the future. In addition, Wu was plagued by a severe draught. Crops died and the rivers dried out.

到了這個地步，吳王夫差仍然執迷不悟，十分驕傲狂妄，認為自己可以當上東周諸國的霸主，就帶著國內全部的精兵北上中原，和各國諸侯在黃池會盟，結果造成國內兵力不足，人民生活困苦，一片混亂。

越王句踐看到這個情形，覺得機會不可多得，便在范蠡和文種的幫助下，一舉大兵將吳國給消滅了。

But even in this time of crisis, Fu Chai refused to come to his senses. He was arrogant enough to believe that he should be the leader of all the countries. So he led his army to the Central Plains of China to meet the other kings. As a result, Wu was left with a minimal army to defend itself, while its people were living in hardship. In sum, Wu was in chaos and extremely vulnerable.

Gou Jian saw this as a golden opportunity. So he launched his attack at Wu and destroyed it, avenging his defeat 20 years ago and restoring the country of Yue.

三十六計之第五計：趁火打劫

Strategy 5: Loot a Burning House

當敵人陷入困境，情況十分危急時，我們要趁機行動，從中取得利益，仗著強勢來攻打弱勢的謀略。

When the enemy is in hardship or in crisis, we must seize the opportunity and exploit the situation to our advantage by attacking him when he is at his weakest.

韓信生擒魏王魏豹

Han Sin Captured the King of Wei Alive

西元前205年，劉邦趁著項羽討伐齊國的時候，東渡黃河，本來已經投降魏王魏豹，沒想到他又叛變，於是就派韓信西進平定魏國。

魏豹派柏直為統帥，並將主力軍調到黃河東岸的「蒲阪」，希望就近監視漢軍。韓信則在蒲阪渡口對岸紮營，並把船集中江邊，到了夜裡到處都插滿火把，完全隨時候會渡江進攻的樣子，柏直便下令不准任何船過江，其實韓信早已派主力部隊，在上游八十里處的「夏陽」，用空瓶及空桶搭了一座臨時橋。所以，當魏軍守在蒲阪渡口，漢

Wei Bao appointed Bo Jhih as the general of his army and moved his elite troops to Pu Ban, a town on the east bank of the Yellow River to keep Han Sin's army under surveillance. And Han Sin camped on the west bank of the Yellow River. He assembled hundreds of ships alongside the river in preparation for a river crossing. When night fell, torches could be seen all cross the west bank. It appeared that Han Sin's army was ready to cross the river at any moment. Seeing this, Bo Jhih ordered his troops to guard the west bank of the river and to destroy any ship that tried to cross. However, unknown to Bo Jhih, Han Sin had already sent the bulk of his forces to Sia Yang, a place which was 80 kilometers up the Yellow River. There, Han

While the Wei army stayed put at Pu Ban for days to defend against a river crossing, Han Sin's army had long crossed the Yellow River and had already launched an attack on the capital of Wei. By the time Bo Jihui heard the news, it was too late for him to rush back to the capital. And Han Sin was able to capture Wei Bao alive.

張巡的稻草人軍隊

Jhang Syun's Scarecrow Arm

唐玄宗天寶十四年，即西元755年，十分受到玄宗寵愛的安祿山竟然起兵叛變。

有一次，安祿山的部下命令狐潮包圍了雍丘城，當時城中守將是張巡，城中的士兵及武器都不多，情況十分不利，張巡知道出去應戰是不行的，於是想了個計謀，下令做一千個與真人大小相同的稻草人，並穿上黑色衣服，趁著當晚月色不明時，將稻草人綁上繩子並且順著城牆放下。負責監視城中動靜的敵軍，發現便說：「有敵兵！」於是，敵軍拼命向稻草人射箭，一會兒稻草人身上布滿了箭，這時敵軍才發現中了計，而張巡也因此

At that time, Yong Ciou's situation was precarious because Jhang Syun had neither a big enough garrison nor sufficient weapons to defend the city against the siege. Jhang Syun knew that he was not capable of fighting Ling Hu Chao outside the castle walls, so he thought of a plan. A few nights later, there was little moonlight once again. And the enemy lookouts noticed again that there were movements along the city wall. Ling Hu Chao thought that Jhang Syun must be up to his old trick again, so he ordered his men to ignore it. By the time Ling Hu Chao realized that it was a real attack by five hundred raiders, it was too late. As a result, Jhang Syun defeated Ling Hu Chao and rescued Yong Ciou.

三十六計之第七計：（無中生有）

Strategy 7: Create Something From Nothing

明修棧道，暗渡陳倉

Openly Repair The Walkway, Secretly March To Chen Cang

劉邦知道項羽對自己十分有戒心，當他帶著兵馬由棧道進入漢中時，便馬上把對外聯絡的山路棧道給燒了，一方面是為了杜絕外來的入侵，一方面則是讓項羽放心，表示自己沒有辦法回關中。

經過一陣子的休養，劉邦採用了韓信的建議，整軍準備出擊。一方面派大隊人馬修復燒掉的棧道，這個舉動果然引起項羽手下章邯的注意，於是章邯便派主力部隊守住棧道出口。

這時候劉邦則帶著另一隊兵馬，請當地的樵夫帶領，從另一條小路走出漢中，進入陳倉。

Liou Bang knew that Siang Yu was suspicious of him. So after he brought his troops into Hanzhong (city in Shaanxi), he burned the walkway which connected Hanzhong (city in Shaanxi) with the outside world. This way, Liou Bang not only prevented others from invading Hanzhong (city in Shaanxi), but he also hoped to gain Siang Yu's trust by showing Siang Yu that he could not return to Guan Zhong anymore.

After resting for a while, Liou Bang assembled his troops and launched an attack on Siang Yu. First, he sent a crew to repair the burned down walkway to catch the attention of Jhang Han, a general of Siang Yu, and it worked. In response, Jhang Han sent his main troops to block the exit of the walkway, hoping to ambush Liou Bang. Watch Two Tigers Fight From a Distance

戰國時，一位名辯士陳軫剛好來到秦國，秦惠王便將是「否」要出面調停韓、魏兩國之間多年戰爭的難題告訴陳軫，請他幫忙想想解決的辦法，陳軫想了想，便告訴秦惠王一個有關「卞莊子刺虎」的故事。

故事內容是說有一個叫卞莊子的人，有一次看到兩隻老虎在爭一頭牛，便想拔劍來刺虎，結果僕人阻止他，說：「等一下，你看兩虎爭一牛，表示一定會有一廝殺，結果一定是強者受傷獲勝，弱者死掉，這時你再出面刺殺受傷的老虎，這不是一舉得兩虎嗎？」

Strategy 9: Watch the Fire from Across the Shore

一般多指不採取任何行動，不過這裡還有更深一層的意義，指任由對方不利的情勢發展，一直到最後，自己再來坐收漁翁之利的意思；也就靜觀其變，終能得利。

Generally speaking it means neither responding nor taking any actions. But it has a deeper meaning, which is to let a situation that is detrimental to your enemy develop so that you could benefit from it. In other words, wait and see how an event that will work in your favor develops to its natural end. The spoils belong to those who have the patience to wait until a situation changes to their advantage.

公孫鞅取河西

Shang Yang Took West of the Yellow River

戰國初年，秦國還不算是一強國，秦孝公為了強大國力，便下令徵才來輔助國政，這時候，公孫鞅便來到秦國，他後來幫孝公振興國家，孝公便將商地封給他，後來人們就稱他為商鞅。

西元前340年，孝公又派商鞅領兵攻打魏國，魏王派公子魏卯迎戰，商鞅知道後十分高興，立刻寫封信給魏卯。

信的內容是：「想起以前在魏國和你相處的情形，十分令人懷念，今天雖然我們輔佐的人不同，可是我還是很珍惜彼此間的友情，我也更不想和你處於敵對的狀態，如果可

In the early years of the Warring States Period, Qin was not yet a strong country. In order to strengthen his country, Cin Siao Gong recruited talented people to assist him in governing the country. Shang Yang was one of those people who came to Cin and helped advise Cin Siao Gong on how to reform Cin. For his contributions, Cin Siao Gong awarded Shang Yang both land and title.

In 340 BC, Cin Siao Gong appointed Shang Yang as general to attack the country of Wei. The king of Wei sent prince Wei Mao to lead the defense. Shang Yang was very glad when he heard this. He wrote Wei Mao a letter immediately.

Shang Yang wrote, "The time we spent together in Wei was a precious memory to me. 趙氏孤兒

The Last Orphan of Jhao

春秋時戰爭不斷，晉靈公時有位寵臣叫屠岸賈，他一直視趙氏一族為眼中釘，他宣稱趙盾殺了靈公，並建議要將趙氏全族誅殺。到了晉景公時，趙盾去世，由他的兒子趙朔接替官位，晉景公聽信讒言，便交給屠岸賈全權處理。因為有人向趙朔通風報信，所以趙朔已身懷六甲的妻子莊姬逃過了被殺害的命運。不久後莊姬生下了一個兒子，屠岸賈知道這個消息後，便想要斬草除根，而想援救趙家骨肉的路程嬰及公孫杵臼，都是以前

During the Spring and Autumn Period, a man by the name of Tu An Jia in the country of Jin was a favorite lackey of Jin Ling Gong. Jin Ling Gong was a tyrant, and he was killed by a cousin of then prime minister Jhao Dun. Since Tu An Jia's influence in the Court was derived from Jin Ling Gong, he fell out of favor, and so he hated Jhao Dun as a result. He claimed that Jhao Dun was a co-conspirator in the murder of Jin Ling Gong and suggested that the whole Jhao clan be executed as befitting the crime of murdering the king. Jin Ling Gong's son Jin Jing Gong was young at the time, and he believed Tu An Jia's story. So he gave Tu An Jia full authority to execute the Jhao clan. Because of a tip off about the impending massacre, the pregnant wife of Jhao Dun's son Jhao Shuo was able to escape the fate of being killed. Later she gave birth to a boy. But when the news reached Tu An Jia, he wanted to make sure that the entire blood line of Jhao was wiped out. Knowing that Tu An Jia would never quit until he kills the baby, Chen Ying substituted his own newborn son to be killed in order to satisfy Tu An Jia and save the last Zhao baby. This was how the last orphan of Zhao was saved. He was raised by Chen Ying in a remote mountain. Fifteen years later, the injustice done to the Zhao family finally was cleared. This is the famous historical story – The Last Orphan of Zhao - in which the strategy of “Sacrificing the plum to save the peach” was used to save the descendent of a loyal vassal.

趙國求救

Jhao Appeals for Help

公元前354年，魏惠王打算進攻北邊的趙國，他派龐涓領軍前往攻打，兩年後攻到趙國首都邯鄲城下，趙王眼看局勢不利，便向實力雄厚的楚國求助。

楚王的宰相昭奚恤反對出兵，只有景舍贊成出兵並且提出一個以救趙為名義，一方面削弱魏國實力，一方面可以順手牽羊，替楚國謀取利益的計策。

楚王便派景舍領軍從趙、楚國界進入趙國，不久龐涓就攻下邯鄲城，這時卻聽到齊軍進攻魏國首都大梁，龐涓連忙撤兵趕回魏。

In 354 BC, King Wei Huei was planning to launch an attack on Jhao, a country north of Wei. He appointed Pang-Juan as his general. Two years later the Wei army fought its way to Handan (city in Hebei), the capital of Jhao, and laid a siege outside the city walls. Jhao was desperate, so the king of Jhao appealed to Chu for help. At that time, Chu was a country with a strong military.

After hearing Jhao's appeal for help, the prime minister of Chu advised against coming to Jhao's aid, but another advisor Jing She thought otherwise. Jing She was in favor of sending the troops. He proposed a strategy by which under the pretext of rescuing Jhao, they could undermine the strength of Wei while profiting from Chu.

So the king of Chu appointed Jing She as the general of the army. In the name of rescuing Jhao, the Chu army entered Jhao. Soon Handan (city in Hebei) was seized by the Wei general Pang-Juan. But immediately, news came that the capital of Wei was under siege by the Ci army. So Pang-Juan hastily left

Handan (city in Hebei) and retreated immediately to defend Wei's capital. However, the Wei troops were ambushed on their way back by the Ci army and suffered heavy losses.

Both Wei and Jhao had been hurt badly in this episode and are in no position to fight again in the near term. This presented Chu with a golden opportunity. Since the Chu army was already in Jhao, Jing She quickly seized the southern part of Jhao, and there was nothing Jhao could do. As a result, Jing She's tactic of "Stealing a goat along the way" proved to be a big success.

The appeal for help from Jhao provided a pretext for Chu to legitimately enter Jhao with its troops. Coupled with the unexpected event of the attack on the capital of Wei by the Ci army while the bulk of Wei's army was laying siege to Jhao, this was a great opportunity for Chu to seize more land from Jhao without having to fight for it. The "goat" in this strategy refers to the territory of Jhao.

Siao Yi Stole the Lanting Preface by Guile

唐太宗喜愛書法，一直想得到「蘭亭序」，可是永欣寺的和尚辯才不肯承認自己擁有真跡。房玄齡便推舉蕭翼，表示他一定有辦法拿到真跡，但是不可以公開派他去，並且要借他一些二王的真跡。

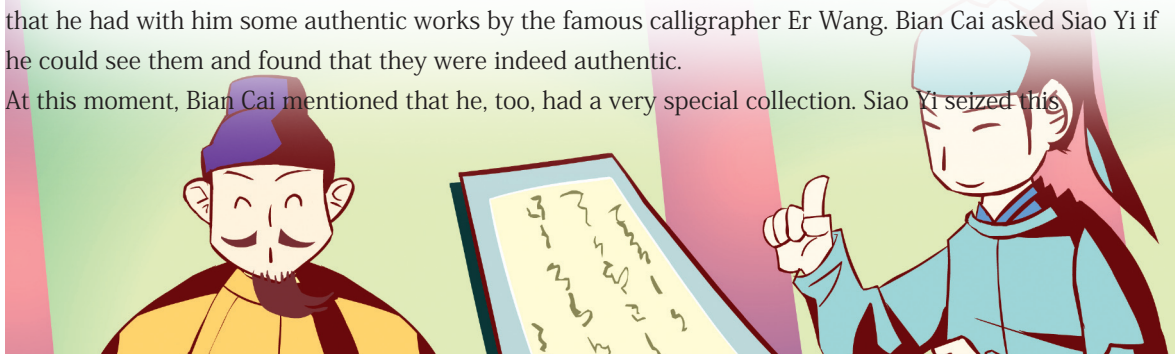

蕭翼便裝成窮書生，搭船到永欣寺，他故意到廟裡看壁畫，辯才看到他如此落魄，不但找他聊天還留他過夜。之後每天他都找他一起飲酒論文，蕭翼便不經意提到自己有三、四幅二王真跡，辯才要他拿出來看，果然是真的。

這時辯才就提到自己也有一幅特別的，蕭翼趁機問：「是什麼呢？」辯才回答：「

Tang Tai Zong was very fond of calligraphy and had always wanted to acquire the most famous calligraphy painting - The Lanting Preface. The painting was in the possession of Bian Cai, a monk at Yong Sin Temple. However, Bian Cai claimed that he did not own the authentic copy. So Siao Yi was given the task of visiting Bian Cai to steal the real Lanting Preface. Siao Yi went incognito and brought with him two authentic works by the famous calligrapher Er Wang as bait.

Siao Yi disguised himself as a poor scholar taking a ferry to Yong Sin Temple to study the murals in the temple. Seeing how impoverished Siao Yi is, Bian Cai invited Siao Yi to dinner and to stay at the temple for a while. In the following days, they chatted about art and literature. One day, Siao Yi casually mentioned that he had with him some authentic works by the famous calligrapher Er Wang. Bian Cai asked Siao Yi if he could see them and found that they were indeed authentic.

At this moment, Bian Cai mentioned that he, too, had a very special collection. Siao Yi seized this

Bian Cai replied, "The Lanting Preface had been handed down through seven generations. It was given to me by my late master. I will show it to you tomorrow if you don't believe me." The next day, Bian Cai brought out the Lanting Preface, and while Siao Yi was examining the work, he deliberately pointed out a flaw and said that it could not have been the authentic copy. Bian Cai expressed the wish to see other authentic copies from Siao Yi so that he could compare them with his own. Thinking that he would need to compare it with other copies soon, he did not store it away as he should, but had it lying around on the table. Later, Bian Cai went out to do something. And Siao Yi told the disciples who guarded the temple that Bian Cai forgot something in his room. Thinking that he is an acquaintance of their master, the disciples let him into their master's room. 用麥稈擒王

Capture The Leader With Wheat Stalks

唐玄宗時有二位進士叫做張巡，在安史之亂時他奉命討伐叛賊，由於他擅於用兵，所以將反賊打得落花流水。不過，敵軍雖然死傷慘重仍不肯退兵，這時，張巡便想到只有擒住賊王才能結束戰爭。

當時敵軍主將是尹子奇，可是，張巡無從得知對方主將是誰？最後他想到一個辦法，他命令所有士兵將麥稈前端全削尖，並把麥稈當箭攻擊敵軍。敵軍一看看到射來的箭竟然是麥稈，心想對方一定是箭都用完了，才會出此下策。於是，就撿起地上的麥稈，跑去向主將報告這個好消息。

The An Shih Rebellion happened during the Tang Dynasty. Jhang Syun was the general in charge of defeating the rebels. Because he was an expert in military strategy, Jhang Syun defeated the rebel army in battle. The rebel army suffered significant casualties. However, they refused to retreat despite the huge loss. At this point, Jhang Syun realized that the only way to end the war is to capture the leader of the rebel army.

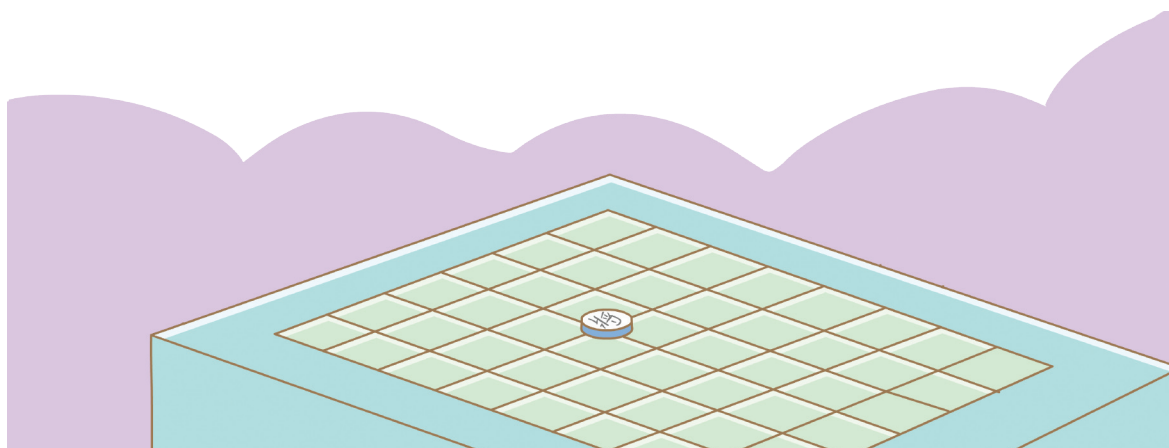

The rebel leader was Yin Zih Ji. But Jhang Syun did not know that, and he wanted to find out. So he came up with a strategy. He ordered all the soldiers to sharpen the end of the dried wheat stalks and use them as arrows to shoot at the rebels. When the rebel army saw that the defenders were using wheat stalks as arrows, they felt certain that Jhang Syun's archers must have ran out of arrows. So they all picked up the wheat stalks and ran to report this good news to Yin Zih Ji.

這時，張巡早就在一旁觀察敵情，並且命令神射手南霽雲，只要看到麥稈給誰，就向那個人射箭。南霽雲一箭射中了尹子奇的左眼，敵軍見主將受重傷，個個慌了手腳，敵軍只好停止進攻。

Unknown to the rebels, all their movements were being watched by Jhang Syun. He had ordered his best archer to shoot at whomever the rebels presented the wheat stalks to. Strategy 18: Defeat the Enemy by Capturing Their Chief

捉住敵軍的主將，可以達到瓦解敵軍主力之作用，因為主將是整個軍隊的指揮中心，失去中心的軍隊，必定像一盤散沙一樣，潰不成軍。

Capturing the general of the enemy can destroy the enemy's fighting capability. This is because the general is the one who commands and controls the whole army. An army without its general is as weak and amorphous as sand.

官渡之戰

The Guan Du Battle

漢獻帝建安四年時，對曹操威脅最大的，是據守在北方的袁紹。

隔年，兩軍正式交戰在陽武（今河南省陽武縣），曹操的兵力遠不如袁紹的十萬大軍，加上曹軍的軍糧所剩不多，士兵又累，曹操陷入苦戰，這時，袁紹的謀士許攸卻跑來投奔曹操。

曹操便詢問許攸如何對付袁紹，許攸建議用智取，不要正面攻擊，並且告知袁紹的軍糧都放在烏巢（河南省延津縣東南），那裡

In the fourth year of Han emperor Sian's Jian An period, the biggest threat to Cao Cao was Yuan Shao who was entrenched in the north.

The next year, the two armies formally engaged in battle at Yang Wu. The strength of Cao Cao's forces numbered far less than Yuan Shao's army of one hundred thousand. Furthermore, Cao Cao's food supply was running low, and his soldiers were exhausted. It was a really bad situation for Cao Cao. However, at this time, Syu You, the advisor to Yuan Shao, unexpectedly chose to defect to the side of Cao Cao.

Cao Cao asked Syu You for ideas on how to fight Yuan Shao. Syu You suggested that instead of a frontal attack against Yuan Shao's larger force, it is better to use win by wit. He informed Cao Cao that the food supply for the Yuan army was stored at a placed called Wu Chao, and its defense was minimal. Syu You suggested a raid to burn down the barns where all the food was stored. A sudden cut in food supply

for all one hundred thousand soldiers would surely reduce the strength of the Yuan army. Indeed, when Yuan Shao heard the news of the fire, he sent some of his troops to rescue the food supply. Of course, their efforts were in vain. Apart from that, Yuan Shao's main force which headed for Guan Du, where the Cao army was encamped, was defeated as well. Without food, the morale of his troops soon collapsed. The soldiers either fled or were killed. As a result, Yuan Shao's army of one hundred thousand strong was reduced to a mere twenty thousand. As a consequence, Yuan Shao's regime collapsed.

Roil the Water to Catch the Fish

有一次，晉武帝派二十萬大軍兵分六路攻打東吳，其中鎮南大將軍杜預，到長江中游樂鄉城時，便派屬下周旨帶著兩百名士兵，趁著天黑渡過長江，渡江後所有士兵都換上吳軍服裝，並埋伏在樂鄉城外。

第二天，樂鄉城的守將孫歆帶兵出城，在長江上游和晉軍大戰，吳軍戰敗，軍隊全往樂鄉城方向逃。這時，前一天埋伏的晉軍，就趁機混進吳軍裡一起進城，進城後依照計畫在城裡四處放火。當城裡一片混亂時，

When the Jin army arrived at the city of Yue Siang which was right next to the Yangtze River, his captain Jhou Jhieh crossed the river at night with two hundred raiders. Then they all changed into Wu army's uniform, hid themselves outside the city of Yue Siang, and waited in ambush. The next day, Sun Sin, the general in charge of defending Yue Siang, took his army outside the city walls to fight the Jin army. The Wu army lost the battle, and as the troops fled back to the city of Yue Siang, the two hundred Jin raiders mingled in with the Wu army and entered the city walls during the chaos. Empty Camp, Beating Drums

南宋寧宗開禧二二年（西元1206年）宋朝派兵攻打金人，接連吃了好幾場敗仗，宋朝將士畢再遇決定撤軍，不過要如何全身而退可把他考倒了。

後來畢再遇想到一個辦法，他下令三件事，第一、軍旗不可以拔起來，第二、帳篷不能拆掉，第三、打鼓聲不能停止。等到沒有月亮的夜裡，畢再遇就下令全軍撤退，到了第二天天亮時，金兵看宋營裡，軍旗飄揚著，鼓聲也沒有停過，以為一切正常，這樣

In 1206 AD during the Song Dynasty, the emperor sent an army to attack Jin but was defeated several time. Bi Zai Yu, the general of the Song army, decided to retreat. But the question of how to retreat safely troubled him greatly.

Bi Zai Yu later came up with a solution. He gave three orders: First, the flags were not to be pulled out. Second, the army tents were not to be taken down. Third, the battle drums must not stop beating. This done, Bi Zai Yu ordered his army to retreat under the cover of night. At the crack of dawn, the Jin army saw nothing unusual on the Song side: The flags were flying, and the sound of battle drums continued. But if the camp were deserted, how could the battle drums still beat? The Jin soldiers walked to the back of the camp and discovered the answer. Bi Zai Yu had ordered his soldiers to catch several goats and tie up their hind legs up on a tree with a rope. The front legs of the goats were left dangling just low enough to beat on the drums. Due to the discomfort of hanging upside down, the goats struggled with their front legs to try to free themselves. This was why the drums were kept beating.

請君入甕

Invite You Into the Water Jar

唐朝武則天當政時，她很寵愛來俊臣和周興這兩位大臣，他們倆設計各種慘無人道的刑具來逼供，常常有無辜的臣子和百姓被嚴刑逼得受不了，只好屈打成招。

有一天，武后接獲密報，指出周興私下想造反，武后便派來俊臣去逮捕周興，並查出所有同謀的人。來俊臣覺得十分困難，不是因為兩人是好朋友，而是周興對於刑罰太了解了，要他老實招供不容易。

來俊臣就找周興吃飯，故意用請教的口氣問：「最近罪犯是越來越狡猾，各種刑具都用完了，還是不肯招，不知道您有沒有什麼好辦法？」周興得意地說：「我最近又想

During the reign of Empress Wu Ze Tian in the Tang Dynasty, there were two ministers by the name of Lai Jun Chen and Jhou Sing who were favored by the Empress. They devised various torture instruments. From time to time innocent officials and civilians would be tortured using these instruments until they succumbed to the pain and made false confessions.

One day, the Empress received tips that Jhou Sing was plotting a revolt. The Empress thus assigned Lai Jun Chen to arrest Jhou Sing and to find out all the conspirators. Lai Jun Chen thought it was a difficult task, not because they were good friends, but because Jhou Sing was also an expert at torture techniques. It would not be easy to make him confess.

Lai Jun Chen then invited Jhou Sing to dinner and deliberately asked him for advice, "Lately the criminals has become more and more cunning. They refuse to confess despite using all kinds of torture on them. Do you have any good ideas?" Jhou Sing said elatedly, "I have a new idea which would definitely make

After he finished, Lai Jun Chen smacked the table and smiled slyly, "Brilliant! What a marvelous idea!" He then ordered his men to carry a big water jar into the room. They filled it with water and brought it to a boil. Before long it was steaming.

At this point, Lai Jun Chen suddenly turned on Jhou Sing and accused him, "How dare you plot against the Empress! She has known your plot all along and has ordered me to investigate you. Confess now! Or else I will be forced to invite you into the water jar!"

范雎的遠交近攻

"Befriend a Distant State and Conquer the Ones Nearby" by Fan Sui

戰國末期演變成七雄爭霸，秦國經過商鞅變法後，國力愈來愈強，秦昭王開始計畫吞併其他六國，想要獨霸中原。

公元前270年，秦昭王下令出兵攻打齊國，宰相范雎便向秦昭王獻上「遠交近攻」的策略，阻止攻打齊國。

范雎說：「齊國是六國中最強大的，離秦國又很遠，要是先攻打齊國，我國軍隊就要經過韓、魏兩國領土。軍隊少，很難獲勝；軍隊多，就算打贏了也沒辦法占有齊國的土土地地。不如我們先攻打鄰近的韓、魏兩國，

Near the end of the Warring States Period, the political situation had developed into a struggle for supremacy among the seven strongest countries. After the reforms instituted by Shang Yang, Qin grew stronger by the day. So king Qin Zhao started plans to conquer the remaining six countries to create the first unified empire in China.

In 270 BC, king Qin Zhao wanted to conquer Qi, but his prime minister Fan Sui advised against this. Instead, he presented king Qin Zhao with a scheme to befriend a distance state and attack the ones nearby. Fan Sui said, "Among the six countries, Qi is the strongest and the farthest away from Qin. If we attack Qi now, our troops must first go through the territories of Han and Wei. With too few troops, it is difficult to conquer Qi. But with enough troops, it would still be impossible to occupy Qi even if we won. We would be in a no-win situation. Therefore, why not attack the neighboring Han and Wei first and then advance towards Qi step by step?" In addition, in order to prevent Qi from allying with Han and Wei, king Qin Zhao

假途伐虢

Obtain Safe Passage To Conquer Guo

春秋時，虞、虢兩國緊鄰著晉國，晉國一直想併吞他們。

晉獻公就利用名馬和寶玉來收買虞公，讓他答應借路，方便晉國攻打虢國，甚至虞公還派兵幫晉軍帶路，晉國因此順利攻下虢國的下陽。

三年後，晉國又再度向虞國借路去攻打虢國，這時虢國大夫宮之奇便勸諫虞公說：「輔車相依，唇亡齒寒。」並說明虞和虢兩國之間的利害關係，希望虞公不要一再借路，

In the Spring and Autumn Period, the small states of Yu and Guo were bordering the larger state of Jin. Jin always wanted to conquer these two neighboring states.

To this end, Jin Sian Gong used fine horses and jewelry to bribe the duke of Yu in exchange for safe passage for his army to pass through his country to attack Guo. The duke of Yu accepted his offer and even sent troops to lead the way. The Jin army was able to conquer the city of Sia Yang smoothly.

Three years later, Jin made the same request to the duke of Yu again. One of the senior officials of Guo, Gong Jih Ji, cautioned the duke of Yu against accepting Jin's request by saying, "Yu is to Guo, as lips are to teeth. If the lips are gone, the teeth will be exposed to the cold." He explained the mutually dependent relationship between Yu and Guo, hoping that the duke of Yu would refuse Jin's request for safe passage. Instead, both Yu and Guo should unit together to fight Jin. Despite Gong Jih Ji's warning and advice, the duke of Yu chose to ignore him and agreed to Jin's request for safe passage. Gong Jih Ji thus predicted

偷天換日

Replace the Heaven With the Sun

明世宗是一位非常迷信的皇帝，其中有一位叫藍道行的算命仙，是最受他寵愛的道士，這是因為他曾經通過世宗的一項考驗。

有一次，世宗為了測試藍道行的功力，就派一位太監送密函給藍道行，送到時就將信燒掉，並叫太監對他說：「密件中寫著皇上要問你的問題，你法術高強，請把答案告訴我，好讓我回去稟告皇上。」藍道行一聽急了，心想：「沒看，怎麼會知道信裡寫什麼？這一次要被砍頭了。」突然靈機一動，藍道行就跟著太監去見世宗。

藍道行對世宗說：「屬下懂得招神的法術，不過您今天派來的太監不夠虔誠，神明

Ming Shih Zong was a very superstitious emperor. He had a favorite fortune teller by the name of Lan Dao Sing, who once passed a test by the emperor and thus won his trust.

Once, in order to test Lan Dao Sing, the emperor sent a eunuch to deliver a confidential letter to him. Upon arrival, the eunuch burned the letter before it was opened and told Lan Dao Sing, "The letter contained the questions that the emperor wanted to ask you. You are the expert in magic. Please tell me the answers to the questions so that I can report back to the emperor." Hearing this, Lan Dao Sing started to panic. He thought, "How could I know what was written in the letter without reading it first? The emperor is going to have my head for this." But suddenly he came up with an idea to save the day. So he followed the eunuch to see the emperor.

不肯現身回答問題，小的自然答不出來，大膽請皇上再派一位虔誠的太監送信來。」由於世宗太迷信，就派另一個太監送信，藍道行早有準備，在燒信前，趁太監不注意時，將真信與預藏的假信對調，燒掉的是假信，信裡的內容就被藍道行知道了。世宗不知情，聽到太監帶回來的正確解答，從此對藍道行的法術更加的相信。

Lan Dao Sing said to Ming Shih Zong, "I know how to call upon the supernatural powers. But the eunuch whom Your Majesty sent today was not devoted enough, so the gods refused to show me the answers. May I request Your Majesty to send your letter again using another eunuch who is more devoted as a messenger?" Because the emperor was so superstitious, he agreed to send another one. This time, Lan Dao Sing was well prepared. Before the letter was burned, Lan Dao Sing had switched the real letter with a fake one when the eunuch was distracted. Thus, Lan Dao Sing learned the content of the letter through guile and gave the emperor the correct answers. Ming Shih Zong was not aware of his trick. And so he came to have even more faith in Lan Dao Sing's magic.

太監阿丑演戲

The Eunuch A-Chou Stages a Show

明憲宗昏庸無道，太監汪直最受寵，汪直和他兩名手下王越及陳鉞，無惡不作到處欺侮官員和百姓，官員怕得罪汪公公，也不敢對憲宗說出真相。

當時，有一位擅長演戲的太監，叫做阿丑，因為多才多藝又幽默，很得憲宗喜愛。有一次，憲宗叫阿丑一班人演戲，阿丑演了一齣「醉酒」的戲碼。阿丑一出場便東倒西歪，演一位喝醉酒的人，胡言亂語，四處罵人，用詞詼諧，看戲的人都笑個不停。接著，路人上場，大叫：「大官出巡，閒雜人肅靜迴避！」沒想到，醉漢阿丑東比西指說：「什麼大官小官，黑狗白狗，你走你的陽關

Ming Sian Zong was an incompetent emperor. The eunuch Wang Jih was his favorite. Together with two of his men, Wang Yue and Chen Rong, they were a gang that did nothing but evil all over the country. The officials were too afraid to offend Wang Jih, so no one dared reveal the truth to the emperor. At that time, there was an eunuch by the name of A-Chou who was multi-talented and witty. The emperor liked him very much. Once Ming Sian Zong ordered A-Chou and his troupe to perform for him. A-Chou staged a show called "Drunk". When the show began, A-Chou appeared on the stage staggering as a drunkard. He was talking nonsense and the lines were so witty that the audience could not stop laughing. Then the role of the passers-by came onto the stage. The passers-by announced, "The minister is coming on official business. Clear the way and be quiet!" So it is you who should walk around me.” The passers-by then announced, “The emperor is here!” But A-Chou burst out laughing, “The emperor is still dreaming! His mind is so clouded that he is even more drunk than I am…” The passers-by thought, “Hmm… Not even the emperor could scare him. Well, I have one last way to scare some senses into him.” So he made one last announcement, “Wang Jih is arriving!” A-Chou immediately knelt on all fours, trembling and pleading, “Pardon me! Pardon me!” Watching this, Ming Sian Zong got the message even though he was quite displeased by the performance.

司馬懿裝病奪權

Sih Ma Yi Feigns Illness to Seize Power

三國時，魏明帝死前任命曹爽為輔佐大臣，幫年僅八歲的太子管理朝政，曹爽為了獨攬大權，就建議廢帝以及立司馬懿為大傅，希望藉由升官，將司馬懿的大權搶過來，司馬懿知道實力不如曹爽，便裝病請假回家休養。

曹爽不放心便派李勝到司馬懿家中看看是不真是生病。李勝看到婢女扶著兩眼無神、走路不穩的司馬懿到大廳見客，李勝對司馬懿說：「我要到荊州當刺史，今天是來向您辭行的。」司馬懿有氣無力的說：「并州離胡人很近，你要小心安全喔！」李勝回答：「是去荊州，不是并州。」司馬懿又說

After Wei Ming died, Cao Shuan tried to seize power for himself, by suggesting that the child emperor be dethroned and that Sih Ma Yi be appointed prime minister. Cao Shuan hoped that by promoting Sih Ma Yi from a general to a prime minister, Sih Ma Yi would have to cede military command of the army. This way, Cao Shuan could then appoint his own man as general and seize control of the military. Sih Ma Yi knew that he was too weak to confront Cao Shuan at the moment, so he pretended to be ill and took a sick leave in order to thwart Cao Shuan's scheme.

When Cao Shuan heard the news that Sih Ma Yi was sick, he was not convinced that Sih Ma Yi was really sick. So he sent Li Sheng to visit Sih Ma Yi in order to verify the story. When Li Sheng visited Sih Ma Yi, he saw that Sih Ma Yi was a haggard man who needed a maid to steady him as he walked out to receive Li Sheng in the living room. You must be very careful.” To this Li Sheng replied, “I said Jing province, not Bing province.” Sih Ma Yi then said, “Oh, so you have been to Bing province too…” Li Sheng thought that Sih Ma Yi was seriously ill. At this time the maid took the medicine tray into the living room to feed Sih Ma Yi his medicine. Sih Ma Yi slobbered medicine all over his mouth and his clothes while taking the medicine. There was none his past glory and grace. Upon returning, Li Sheng reported to Cao Shuan what he saw during the visit. He said, “I think Sih Ma Yi is finished. I believe his days are numbered. There is no need to worry.” Cao Shuan laughed out loud and paid no attention to Sih Ma Yi from that day on.

The next spring, while Cao Shuan left the capital for ancestor worship, Sih Ma Yi launched a coup d'etat and disclosed the crimes by Cao Shuan and his gangs. He also accused them of treason and executed all of them. This was how Sih Ma Yi won back the political power of Wei.

楊津捉強盜

Yang Jin Caught the Bandits

南北朝時岐州刺史楊津，有一次，碰到一件強盜案子，一位路過岐州的商人，所有貴重的財物都被洗劫一空，趕緊到官府報案。楊津根據商人的描述，知道強盜的口音不是本地人，所以一就進一步問清楚強盜做案時所穿的衣服樣式、顏色和外表面特徵等等細節。接著把屬下全部叫來，要他們到街上散布消息，讓大家知道有個人在城門外被殺人殺死，因為查不出來他的身分，只好公布衣著及特徵，希望他的親戚或家人可以出面指認。

During the Southern and Northern Dynasties, there was a local judge in Ci province by the name of Yang Jin. Once a businessman who traveled through Ci province was robbed of all his belongs. He immediately reported the robbery to the judge. According to the businessman, the robber did not have a local accent. Yang Jin asked about the details of the robber's dress and his looks. Then he assembled his subordinates and ordered them to broadcast the news that someone was murdered outside the city gate, and they were trying to identify the deceased. By releasing the description of the dress would come forward to identify the corpse.

消息傳得很快，過了三、四個鐘頭後，果然有一位哭哭啼啼的老婦人，到官府來認屍，楊光又問了她一些更詳細的問題，確認犯人應該是她兒子，沒錯。

於是就派人到老婦人家的四周埋伏，黃昏時，婦人的兒子一進門，便被官兵抓住，並當場在他身上搜到商人被搶走的財物，人贓俱獲，想賴都賴不掉，犯人只好乖乖認罪。

The news spread quickly. Three or four hours later, a wailing old woman came to the Court to identify the corpse. After asking her a few detailed questions, Yang Jin was certain that the suspect was her son. So he sent his men lurking outside her house. In the evening, as soon as the suspect entered the front door, he was captured by the police. They searched him and found all the missing belongs of the businessman. The loot that was on him made him unable to deny his crime, so he confessed on the spot.

翠花用鞋嚇賊

Cuei Hua Scares Away the Thief With Shoes

張家灣有個獵人叫張誠，有一天傍晚，張誠的妻子翠花看到有個人在門外探頭探腦，就跑去關門，沒想到被他衝進家裡，並在客廳的椅子上坐下，接著對她說：「大嫂，天快黑了，讓我住一晚，明天一早我就走。」

翠花心想：「丈夫不會馬上回來，我也不過他，怎麼辦？」這時，她從布簾縫隙瞄到床底下丈夫的一堆鞋子，靈機一動。

翠花邊倒茶邊說：「出外靠朋友！先喝口茶，我去準備洗腳水。」接著翠花就到床底下拿出六雙鞋子放在客廳，再搬來一大盆水，山賊就說：「大嫂，一雙鞋子就夠了，再

There once was a hunter who lived near the bay. One evening, his wife Cuei Hua saw a suspicious man outside their home. She rushed to shut the door but the thief was quicker than she was. He got in already and sat himself on a chair in the living room. The thief said to her, "Lady, it is getting dark soon. Let me stay for the night, and I shall leave early tomorrow." Cuei Hua thought, "My husband won't be home anytime soon, and I am not capable of fighting off this man. What should I do?" Through the curtains, she caught a glimpse of a couple of her husband's shoes underneath the bed. So she had an idea.

Cuei Hua poured tea for the thief and said, "Friends are important to a traveler. Have a cup of tea first, and I'll bring you some water to wash your feet with." Then Cuei Hua went inside and brought out six pairs of shoes with her into the living room, followed by a large basin full of water.

說「我也可以用不著這麼多水！」
翠花回答：「一雙是給你換的，其他是我老公和親戚待會兒回來要換的。」山賊東張西望地說：「我怎麼沒看到他們？」翠花說：「他們在屋後山腳下幹活，應該快回來了，你先坐一下，我到廚房做飯，等他們回來就可以吃飯。」山賊知道事情不妙，就趁翠花在廚房忙時，趕緊溜走。

The thief said, "One pair of shoes should be enough for me. Besides, I don't need so much water to wash my feet." Cuei Hua replied, "One is for you, and the others are for my husband and his relatives who should be back soon." The thief looked around and said, "I don't see them around here..." Cuei Hua replied, "That's because they are working near the foot of the mountain behind this house. But they'll be back soon. Make yourself at home. In the meantime, I'll make dinner in the kitchen so we can all have dinner when they return." The thief realized that things would not be as easy as he had imagined. So he slipped away while Cuei Hua was busy cooking in the kitchen.

Once a thief worked with two robbers to steal from a house at night. From the rooftop, the robbers lowered the thief down into the house with a rope. The thief was to collect all the valuables and tied the loots to a rope so that the robbers could haul them up. They did this three times, and the robbers calculated that they had collected enough valuables.

On the last haul, the thief hid himself inside a wooden box, along with some jewelries. The robbers found the box to be very heavy when they hauled it up. They thought that it must be something very valuable this time. So they got greedy and decided to take off with the box, leaving the thief behind. What they did not know was that the thief was already hidden inside the box.

He thought to himself, "These two guys are really despicable. They abandoned me just like that!" So he shouted out loud, "Help! Help! Robbers!" The robbers did not expect to hear any sound coming out of the box. They were scared so they ran away. The passers-by opened the box. The thief came out and made up a story about how he was robbed and kidnapped by the two robbers. In the end, he walked away with all the loot.

Strategy 30: Exchange the Role of the Guest for the Host

本指主與客的角色地位互換，因為主是主動，客為被動，也就化被動為主動的意思。

During a visit, the host usually initiates while the guest responds. So exchanging the role of the guest for the role of the host means to take the initiative of making something happen instead of waiting passively.

李光弼的美馬計

The Pretty Mares Trap

唐玄宗時的「安史之亂」，李光弼與叛將史思明在河陽隔著河對峙不下，史軍有一千多匹好馬，軍隊實力強過李軍。

這一群馬每天都會到河邊洗澡，李光弼看著看著，突然想到一條妙計。他叫屬下把軍中所有一母馬都集中起來，算算有五、六百匹母馬，接著又將小馬關到城裡面，等到史軍的馬在河邊洗澡時，把所有一母馬趕出來，因為母馬想念小馬，便開始嘶叫起來，馬群中的公馬們一聽到母馬叫，異性相吸的緣故，自

During the An Shih Rebellion of the Tang Dynasty, the government army was led by the general Li Guang Bi, and the rebel army was led by the general Shih Sih Ming. The two armies stalemated on opposite sides of He Yang River. The rebel army had more than one thousand fine horses and was in better condition than the government army.

The rebel army's horses came to the riverbank to bath everyday. Watching them by the river gave Li Guang Bi a brilliant idea. He ordered his men to assemble all the mares in their camp. There were about five hundred mares. Then he ordered all the ponies to be taken away and locked inside the city gates. That day, when the horses from the rebel army arrived at the river again for their daily bath, Li Guang Bi released all his mares to his side of the riverbank. Because the ponies had all been taken away, the mares started to whinny and call out for their youngsters. Hearing the calls and attracted by the mares, the

三十六計之第三十一計：美人計

Strategy 31: The Beauty Trap

利用人類的天性——貪圖美色，來吸引對方後，再進一步消磨掉他的鬥志，因為再英勇善戰的將官，大多過不了「美人關」這一關。

諸葛亮的空城計

"The Empty Fort" by Jhu Ge Liang

蜀軍因為馬謖在街亭吃了大敗仗，軍力損失不少，諸葛亮只帶著五千名士兵，在西城搬運糧草。這時，突然聽到司馬懿帶著十萬大軍過來，諸葛亮心想不到，因為大將不在，士兵又有一半帶著糧草回去了，想一想之後，決定放手一搏。

諸葛亮叫士兵把軍旗拿掉，四面城門全開，每扇門各派二十位士兵，扮成老百姓的模樣悠閒的打掃街道，其他人都不能隨便進出，更不可以大聲喧嘩，否則一律斬首。接

The Shu army suffered a huge loss in the battle of Jie Ting where the general Ma Su lost the strategic city of Jie Ting and many soldiers. As a result, Jhu Ge Liang, the military advisor of Shu, only had five thousand soldiers left with him. While they were busy moving military supplies at 西城, news arrived that the enemy force of one hundred and fifty thousand troops, led by its general Sih Ma Yi, was heading towards them. Jhu Ge Liang thought this was bad news because his general Ma Su was not available and half of the soldiers had already gone back with the military supplies. In other words, they were extremely outnumbered by the enemy. However, after some contemplation, he decided to fight nevertheless. Jhu Ge Liang ordered his soldiers to remove all the battle flags and had all four gates of the fort flung wide open. He then sent twenty soldiers to each gate disguised as civilians sweeping the grounds, acting nonchalantly. No one was allowed to leave the city nor talk in a loud voice. Anyone who acted against the orders would be executed on the spot. Then, he ascended the tower with two servants carrying his lute.

After burning some incense, he started to play his lute.

When the Wei army arrived at the gate, the sight of a smiling Jhu Ge Liang playing his lute and the civilians quietly sweeping the grounds stunned them. No one dared to attack. It was all too quiet and peaceful. There was not the slightest anxiety of impending war. Seeing this, Sih Ma Yi ordered his troops to retreat immediately. He said to his son who was against the retreat, "Jhu Ge Liang is a thoughtful and resourceful man. He would not take such a huge risk. There must be an ambush waiting for us inside. This is why he played his lute with such ease and cool composure."

三十六計之第三十二計：空城計

Strategy 32: The Empty Fort

是一種大膽的心理戰術，當自己實力相當弱時，故意表現出完全沒設防的狀態，讓對方感到疑惑，以為是誘敵之計，反而不敢輕舉妄動。

This is a daring and highly risky strategy of psychological warfare. When your strength is relatively weak, drop all pretence of military preparation and act casually. The incongruity of the situation will confuse your enemy and make him believe that there is a trap waiting for him. This way, your enemy would be hesitant to advance.

蔣幹偷信

Jiang Gan Stole The Letters

有一次，魏國的曹操水軍敗給吳國的周瑜後，便找來善水戰的大將蔡瑁及張允來訓練水軍，周瑜知道後，想把這兩位大將除掉，曹操得知周瑜在探查水軍操練情形，心裡很不安。這時，曹軍中最能言善道的蔣幹，表示過去和周瑜是舊識，加上自己的好口才，一定能說服周瑜投效曹操。

當蔣幹到達吳軍軍營時，周瑜便開口對他說：「孫權很重用我，我是不會去投效曹操的。好久不見了，我們今天只談家常不談政治，我準備好酒好菜，咱們不醉不歸。」

Cao Cao's navy was defeated by Zhou Yu, a general of Wu. So Cao Cao recruited generals Cai Mao and Jiang Yun, who are experts in naval battles, to train and rebuild his navy. When the news reached Zhou Yu, he thought that both generals must be removed in order to prevent future threat. When Cao Cao learned that Zhou Yu was inquiring about his new navy, he was very nervous. At this point, Jiang Gan, a subordinate famous for his eloquence, told Cao Cao that given the fact that he and Zhou Yu were old acquaintances, he is confident that he could persuade Zhou Yu to defect to Cao Cao.

When Jiang Gan arrived at the Wu camp, Zhou Yu said, "The king of Wu regards me highly. I will not offer my services to Cao Cao. In any case, we have not seen each other for a long time. Let's not talk politics tonight but just chat. I have prepared food and wine for you. Let's drink till we drop." Zhou Yu was in an extremely good mood and drank cup after cup until he passed out. 周瑜心情很好，酒一杯接著一杯喝，最後喝醉倒在一旁睡覺，蔣幹看到書桌上有些公文書信，便想找找看有沒有什麼好情報，竟然看到蔡瑁及張允兩人與周瑜的密函。

隔天一早，馬上回去告訴曹操，兩名大將原來是吳軍的奸細，曹操一時衝動，把兩人立刻斬首，等到事後冷靜思考，才知道中了周瑜的「反間計」，但是為時已晚。

Jhou Yu's desk and thought about rummaging through them to look for some useful intelligence. To his shock, he found some secret correspondence between Jhou Yu and the two generals Cai Mao and Jhang Yun.

The next morning, upon his return, he reported what he had learned to Cao Cao immediately. Of course, he told Cao Cao of discovery that Cai Mao and Jhang Yun were actually spies sent by Wu. Cao Cao was furious. On impulse, and without verifying the truthfulness of this information, he executed the two immediately. It was only afterwards, when he reflected on the whole event, that he realized he had been tricked by Jhou Yu's counter-intelligence and disinformation efforts. But it was too late.

周瑜打黃蓋

Jhou Yu Canes Huan Gai

三國時，蔡瑁被曹操殺掉後，弟弟蔡中、蔡和就跑去向周瑜詐降，周瑜看他們沒帶任何家屬，知道是詐降，就想將計就計，並找來老將黃蓋演一場苦肉計。周瑜以前曾下令：「說『投降』的人，一律斬首。」第二天，周瑜下令要跟曹軍打戰，黃蓋說：「根本打不過曹軍大隊人馬，不如投降算了。」周瑜假裝生氣要把黃蓋斬首，大家聽到後全都跪下求情，周瑜就說：「好吧！免你死罪，改打五十板。」

In the Three Kingdoms Period, after Cao Cao executed Cai Mao, the victim's brothers, Cai Zhong and Cai He, plotted a false surrender to Zhou Yu. Noticing that they did not bring their families with them, Zhou Yu knew that this was a trick. Pretending to be unaware, Zhou Yu called on his old comrade Huan Gai to perform a two-man show of "self-mutilation" in front of the two spies. Zhou Yu had previously given an order that said anybody who says the words "surrender" in his army will be executed. The next day Zhou Yu ordered an attack on the Cao army. Huan Gai was against it. He said, "We cannot possibly defeat Cao Cao's huge army. Why not just surrender now?" Zhou Yu pretended to be furious at those remarks and ordered Huan Gai to be beheaded. Everybody fell on their knees to plead for Huan Gai's life. So Zhou Yu relented and said, "All right. I hereby commute your death penalty. But you shall be caned fifty times as punishment."

Afterwards, Huan Gai wrote a letter of defection to Cao Cao. And Cao Cao's spy Cai Zhong was able to verify

黃蓋寫封投降信給曹操，蔡中向曹操表示黃蓋真的被打個半死，疑心病重的曹操相信了。黃蓋又寫信：「我今晚坐的糧船會插著青龍牙旗，在江上會合。」當晚，曹操看到整個船隊都插著旗子，高興說：「太好了，還帶份大禮來給我。」快靠近時，軍師大叫：「載糧的船很笨重，它們的船吃水淺，我們中計了，快回頭。」

因為曹操的船全扣在一起，加上又吹東風，所以，當糧船起火時，曹軍的船也全被燒光了。

that Huan Gai was nearly beaten to death. The usually paranoid Cao Cao therefore believed him. Huan Gai wrote, "The military supply ships I am going to take with me tonight when I defect will be flying the colors of blue dragons. We will meet in the middle of the river." That night, at the sight of a whole fleet flying blue dragon flags, Cao Cao said joyfully, "Magnificent! He even brought a big present for me." When the fleet came close, Cao Cao's military advisor suddenly noticed something wrong and shouted out loud, "Supply ships are usually very heavy. These ships take on too little water. We have been tricked. Turn back immediately!"

As soon as he said that, the supply ships started to burn. At that time, there was an east wind blowing the fire from the supply ships towards Cao Cao's fleet. And because Cao Cao's fleet of ships were chained together, the ships could not turn around in time to get away from the fire. As a result, the fire spread from ship to ship, and Cao Cao's entire fleet was completely burned.

三十六計之第三十四計：(苦肉計)

Strategy 34: The Strategy of Self-Mutilation

Bi Zai Yu Scatters the Beans

宋朝時，金人常攻打邊境宋軍，強大的金兵把宋軍打得落花流水，畢再遇心想與金兵絕不能硬碰硬，所以，當金兵攻來，他就帶領宋軍逃走，當金兵休戰時，他又故意攻打，就像打游击戰一樣，於是常常把金兵弄得累個半死。

這一次，他又趁著金兵休息時，派兵攻打金營，當金兵出動攻擊時，宋軍又逃得不見人影，金兵只好收兵回營，正當又要休息時，宋軍又擊鼓宣戰，金軍的馬匹根本來不及吃糧草，又要出去應戰，這時，畢再遇算

During the Song Dynasty, Jin often attacked the border towns of Song. And the small Song border garrisons were not capable of defending themselves from the strong Jin army and were often badly mauled in battle. Bi Zai Yu knew that it was suicidal to fight the Jin army directly. So instead he used guerilla warfare. Whenever the Jin army advanced to attack him, he retreated and fled with his garrison. Whenever the Jin army took a break, he harassed and attacked them. Soon the Jin army was exhausted fighting a guerilla war with the small Song garrison.

Once, while the Jin army was taking a break, Bi Zai Yu launched an attack again. When the Jin army responded, the Song army fled. So the Jin army returned to their camp. But when the Jin army was just

about to take a break, the Song army returned and beat their battle drums to fight again. The Jin camp had no time to feed their horses before they had to fight again. Bi Zai Yu anticipated that the horses must be starving by now. So he ordered his soldiers to prepare lots of beans and scattered them on the ground. When the Jin army arrived, their starving horses saw the beans and started feed on them in a frenzy, oblivious to the orders given by their riders. The Jin army fell into chaos, and the Song garrison annihilated the Jin army.

三十六計之第三十五計：（連環計）

Strategy 35: The Strategy of Coordinating Tactics

當敵人比自已強大時，用一連串互相環扣的計謀，來達到勝利之目的。不過，因為計謀是環環相扣的，所以一錯就全盤皆輸。

When the enemy is too powerful to fight directly, use a combination of well-coordinated schemes and strategies to achieve victory. However, because the complicated battle plan needs near perfect coordination, if one thing falls apart, everything will far apart.

走為上策

If All Else Fails Retreat

魏太帝聽到宋國名將檀道濟領軍北上，就把大將叔孫建及公孫道生找來，要他們不可輕敵。兩軍打到歷城時，宋軍糧只剩三天分，檀道濟便決定撤軍。

不料，投降的宋兵把軍糧快吃完的消息報告魏軍，叔孫建便下令追擊，檀道濟這時居然下令紮營煮飯，叔孫建看到後以為有詐不敢進攻。

宋軍吃完晚飯後，糧官就叫士兵點燈高唱軍糧的數量，每裝滿一袋時，便高唱：「再加兩百斤，滿十萬斤了。」並把糧袋堆成像小山一樣高，士兵還故意失手打翻米袋，

When the news reached Emperor Wei Tai that the famous Song general Tan Dao Ji was leading his troops northwards towards Wei, he called on his generals Shu Sun Jian and Gong Sun Dao Sheng to defend Wei and not to take the enemy lightly. When the two armies finally engaged each other at Li Cheng, the Song army had only enough food supply to last another three days. So Tan Dao Ji decided to retreat. However, some of the Song soldiers who were captured in battle revealed to the Wei side the food shortage problem. Hearing this, Shu Sun Jian thought it was the golden opportunity he was waiting for and gave the order to chase the retreating Song army. But to his surprise, Tan Dao Ji ordered his soldiers to camp on the spot and make dinner. Shu Sun Jian was wary of a trap and so hesitated to attack.

魏軍一看滿地白米，趕緊報告叔孫建。

第二天，叔孫建披戰袍觀看宋軍，宋營鼓聲大作，戰車上帥旗高掛。

一人穿便服，後面跟著整齊的宋軍，對四周的魏軍一點都沒放在眼裡，叔孫建不敢輕敵，決定三十六計走為上策，便下令撤軍十里，宋軍就這樣突出重圍，全軍而返。

After the dinner was finished, Song officers in charge of food supply ordered a supply count. The soldiers lit up the lamps and counted out loud each sack of rice. Whenever a bag was filled up, the soldiers would call out, "Add another 200 kilograms. That's a total of one hundred thousand kilograms." The rice sacks were piled up as high as a small hill. The soldiers also deliberately spilled the sacks so that the rice was scattered all over the ground. The Wei army saw this and reported to Shu Sun Jian immediately. The next day, Shu Sun Jian put on full armor watched the Song army. The sound of the battle drums from the Song camp was deafening. Tan Dao Ji dressed casually and sat in his chariot. The battle flags of Song hung high on the his chariot, and he was followed by the well disciplined Song army. They seemed to take no notice to the surrounding Wei army. Seeing his, Shu Sun Jian dared not underestimate the enemy, so he decided to retreat. The Wei army retreated to as far as ten kilometers away. The crisis was thus resolved, and the Song army returned safely home.
