Verse 1 & 2

And though they were sad
They rescued everyone
They lifted up the sun
A spoonful weighs a ton
Giving more than they had
The process had begun
A million came from one
The limits now were none

Bridge

Being drunk on their plan, they lifted up the sun

Instrumental Break

Verse 3

Forcing it off with their hands
The trapdoor came undone
Above our heads it swung
The privilege had been won

Bridge

Being drunk on their plan, they lifted up the sun

Instrumental Break (extended)

Verse 4

Yelling as hard as they can
The doubters all were stunned
Heard louder than a gun
The sound they made was love
